

APOGEE POWER VIET NAM

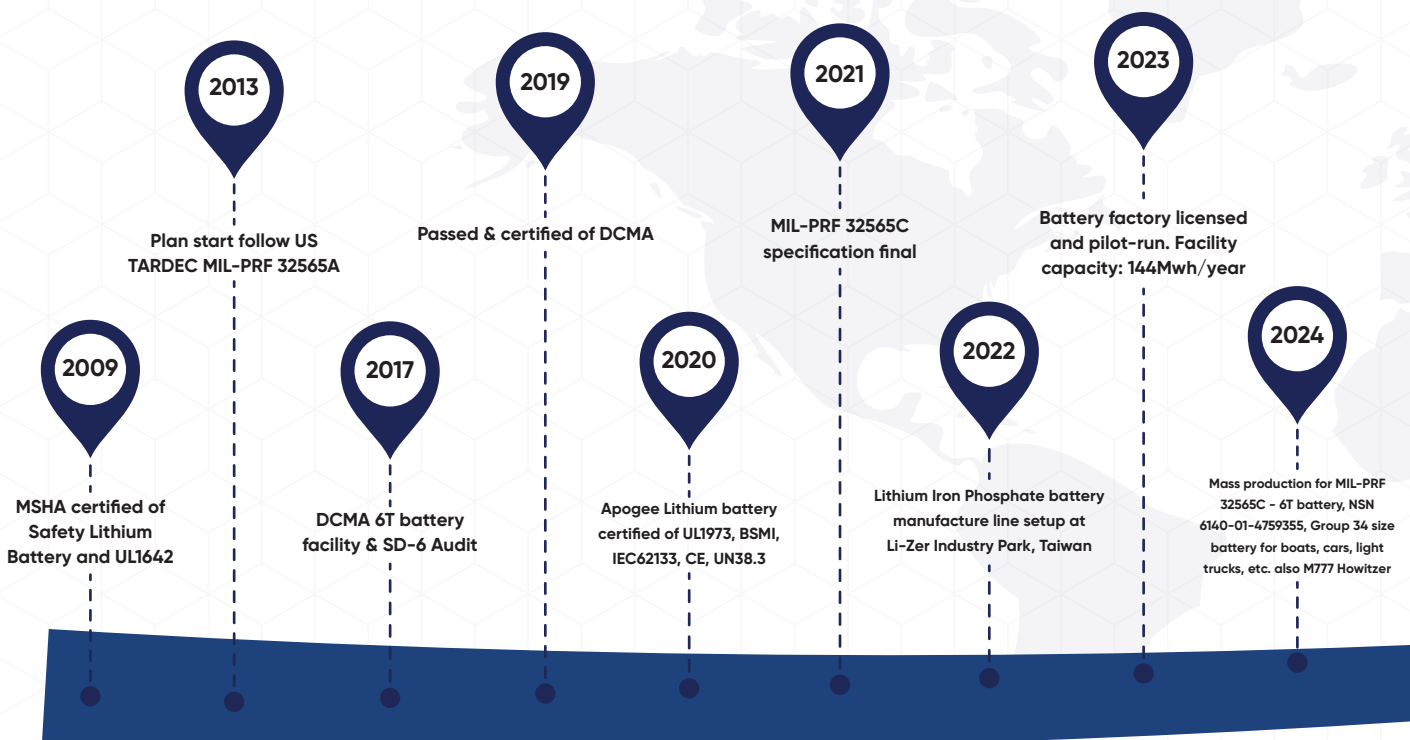

APOGEE POWER VIET NAM JOINT STOCK COMPANY

ABOUT US

1. Company Establishment Date: November 14, 2016
2. Company Address and Factory:: No. 67, Ligong 3rd Road, Lize Industrial Zone, Yilan
3. Taipei Office: 2F, No. 31, Chengtian Road, Tucheng District, New Taipei City
4. Main Products and Services: Explosion-proof lithium-iron battery cells and modules
5. Registered Capital: NT\$43.36 million (fully invested by the company's management team and collaborative factories)
6. Key members of the management team possess over twenty years of practical experience in lithium-iron battery cell manufacturing and business development
7. Specialize in the production of cylindrical and square explosion-proof lithium iron battery cells

DEVELOPMENT PLAN

MADE IN TAIWAN

NON CHINA PRODUCT

APG BU400WLFP

Suitable For all Families

TRẠM CẤP ĐIỆN NGOÀI TRỜI
Dung lượng 72000mAh

Đã ngoại

Tủ lạnh xe hơi, máy chiếu, ... tiện nghi như ở nhà

Tình huống khẩn cấp

Giải quyết tình huống khẩn cấp về điện và chiếu sáng

Đi câu cá

BTDB, pin dự phòng, máy điện muối, ... thoải mái sử dụng

CÓ THỂ CẦM BẰNG MỘT TAY

Nhẹ hơn 20% so với các sản phẩm cùng loại

Sử dụng pin Lithium sắt phốt phát mật độ cao, dung lượng lớn và an toàn hơn

3.1kg

Flycamp 5 lần
iPad Pro 6 lần
Switch 10.5 lần
iPhone 12 16.5 lần
Đèn 10W 20h

Macbook Pro 13" 3 lần
Tủ lạnh ô tô 3h
Máy ảnh SLR 28 lần
Máy chiếu 2h
Quạt 6.5h

SÓNG HÌNH SIN LÝ TƯỞNG
Ổn định như nguồn điện ở nhà

Product Specifications

APG BU400WLFP

Model	APG-BU400WLFP
Battery	Lithium iron phosphate battery (LiFePo4)
Cell	Polymer Cell
Power Nominal	400 W
Voltage Nominal	24V
Cycle Life	2000 cycles
Product Weight	5kg
Discharge Current	10 C
Dimensins	400*250*250 mm
Depth of Discharge	0,01%
Output Port	USB A - USB C - DC - AC
Overcurrent Protection	0,01s
Overvoltage Protection	0,01s
Overload Protection	1 minute 105 - 125% load
Certification	ROHS, ...
Operating Temperature	0-40 °C
Operating Humidity	
Communication	RS 232 RS 485
Power Factor	0.95
Noise	<95 dB
Warrenty	2 years
Frequency	50-60Hz

APG UPS 1.2KW LFP

Cabinet-mounted Lithium Storage battery

Model	APG-UPS1.2KW LFP
Battery	Lithium iron phosphate battery (LiFePo4)
Cell	Cylinder Cell x80
Power Nominal	1.2 KW
Voltage Nominal	26.4V
Cycle Life	2000 cycles
Product Weight	12kg
Discharge Current	1.8 A (50W)
Dimensins	450*440*88 mm
Depth of Discharge	0,01%
Output Port	USB A - USB C - DC - AC
Overcurrent Protection	0,01s
Overvoltage Protection	0,01s
Overload Protection	1 minute 105 - 125% load
Certification	ROHS, ...
Operating Temperature	0-40 °C
Operating Humidity	
Communication	RS 232 RS 485
Power Factor	0.95
Noise	<40 dB
Warrenty	2 years
Frequency	50-60Hz

Application for :

- Working current warning and protection, customize current intensity
- Maintain telecommunications and internet broadcasting stations
- Protect database server, Data center...

APG ESS 15KW LFP

Cabinet-mounted Lithium Storage battery

Model	APG-ESS15KWLFP
Battery	Lithium iron phosphate battery (LiFePo4)
Cell	Prismatic x48
Power Nominal	15 KW
Voltage Nominal	52.8V
Cycle Life	2000 cycles
Product Weight	110kg
Charger Current Max	40A
Dimensins	460*700*820 mm
Depth of Discharge	0,01%
Output Port	USB A - USB C - AC 110V - AC 220V
Overcurrent Protection	0,01s
Overvoltage Protection	0,01s
Overload Protection	1 minute 105 - 125% load
Certification	ROHS, ...
Operating Temperature	0-40 °C
Operating Humidity	
Communication	RS 232 RS 485
Power Factor	0.92
Noise	<80 dB
Warrenty	3 years
Frequency	50-60Hz
AC THD	<3%
PV MPPT Voltage Range	60~230V dc

Application for :

- Renewable Energy Integration
- Replace backup power sources such as generators, Engines
- Hospital, Schools, Military...

Other Products

6T 32565B

Light Armored Vehicles (LAV)

Amphibious Landing Craft and Navy FACG combat vessels. It will work efficiently

Military GPU

The MGPU is saleable to 1Mgw and portable

It will work efficiently with Hyper Tech Research Inc. technology. This BESS device will charge and recharge EV's and other electrical products

26650 LFP

Power and Energy Density Cells

The energy density cells are for EV and ESS use. The power density is used for all other applications

Anh

26650 LFP

Power and Energy Density Cells

The energy density cells are for EV and ESS use. The power density is used for all other applications

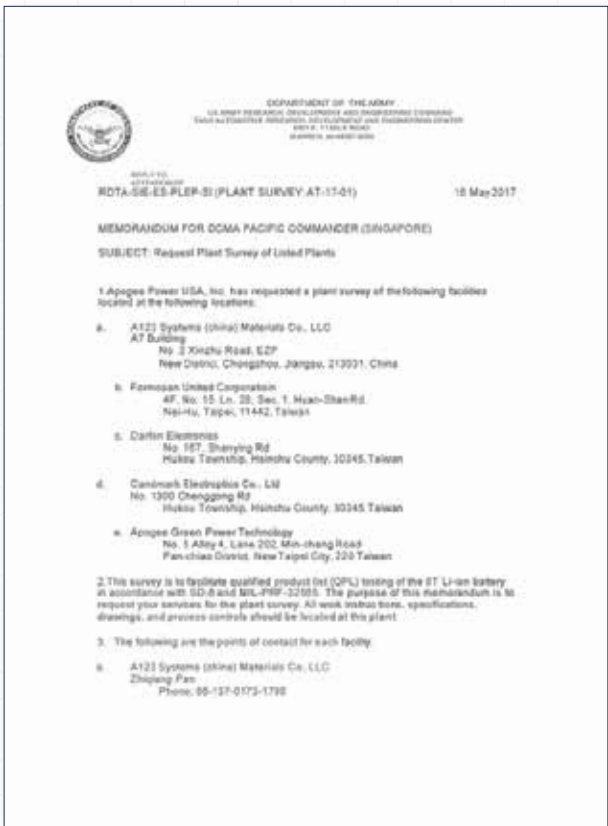

Anh

26650 LFP

Power and Energy Density Cells

The energy density cells are for EV and ESS use. The power density is used for all other applications
